DETAILED ACTION

Notice to Applicant

1. This communication is in response to Amendment filed on 8/10/06. Claims 1-111 are pending.

Claim Rejections - 35 USC § 103

2. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

3. Claims 1-111 are rejected under 35 U.S.C. 103(a) as being unpatentable over King et al (5,7704,045), Walker et al (6,119,093), Kern (6,604,080) in view of Aquila et al (2002/0035488), for substantially the same reasons given in the previous Office Action, and incorporated herein. Further reasons are presented hereinbelow.

Response to Arguments

4. Applicant's arguments filed on 8/10/06 with respect to claims 1-111 have been fully considered but they are not persuasive.

(A) At pages 20-27 of the response filed on 8/10/06, Applicant's argues the followings:

(a) King Walker and Kern do not teach associating with said insurance account least one line insurance; identifying in the computer system least one of a state statute,

regulation and rule relating to the at least one line insurance associated with the insurance account; and performing at least one insolvency related service in connection with said insurance solvency based on the identified least one a state statute, regulation and the at least one line of insurance associated with the insurance account.

(b) King, Walker and Kern do not mention any of state funds, let alone off designating a state fund for each state associated with an insurance account or associating such a state fund with an insurance account. Like King, the other references do not teach or suggest the claimed invention.

(c) There is no discussion or mention of any insolvency related service in Aquila.

(B) With respect to Applicant's first argument, Examiner respectfully submitted that He had relied upon the clear and unmistakable teaching of Kern Col.8, lines 47-67 to Col.9, line 30) which correspond to Applicant's claimed feature. Therefore, Applicant's argument is not persuasive and the previous rejection is hereby sustained.

(C) With respect to Applicant's second argument, Examiner respectfully submitted that He had relied upon the clear and unmistakable teaching of Kern Col.8, lines 47-67 to Col.9, line 30) which correspond to Applicant's claimed feature. Therefore, Applicant's argument is not persuasive and the previous rejection is hereby sustained.

(D) With respect to Applicant's third argument, Examiner respectfully submitted that

Art Unit: 3626

obviousness is determined on the basis of the evidence as a whole and the relative persuasiveness of the arguments. See *In re Oetiker*, 977 F.2d 1443, 1445, 24 USPQ2d 1443, 1444 (Fed. Cir. 1992); *In re Hedges*, 783 F.2d 1038, 1039, 228 USPQ 685,686 (Fed. Cir. 1992); *In re Piasecki*, 745 F.2d 1468, 1472, 223 USPQ 785,788 (Fed. Cir. 1984); and *In re Rinehart*, 531 F.2d 1048, 1052, 189 USPQ 143,147 (CCPA 1976). Using this standard, the Examiner respectfully submits that he has at least satisfied the burden of presenting a *prima facie* case of obviousness, since he has presented evidence of corresponding claim elements in the prior art and has expressly articulated the combinations and the motivations for combinations that fairly suggest Applicant's claimed invention.

Rather, Applicant does not point to any specific distinction(s) between the features disclosed in the references and the features that are presently claimed. In particular, 37 CFR 1.111(b) states, "A general allegation that the claims define a patentable invention without specifically pointing out how the language of the claims patentably distinguishes them from the reference does not comply with the requirements of this section." Applicant has failed to specifically point out how the language of the claims patentably distinguishes them from the applied references. Also, arguments or conclusions of Attorney cannot take the place of evidence. *In re Cole*, 51 CCPA 919, 326 F.2d 769, 140 USPQ 230 (1964); *In re Schulze*, 52 CCPA 1422, 346 F.2d 600, 145 USPQ 716 (1965); *Mertizner v. Mindick*, 549 F.2d 775, 193 USPQ 17 (CCPA 1977).

In addition, the Examiner recognizes that references cannot be arbitrarily altered or modified and that there must be some reason why one skilled in the art would be motivated to make the proposed modifications. However, although the Examiner agrees that the motivation or suggestion to make modifications must be articulated, it is respectfully contended that there is no requirement that the motivation to make modifications must be expressly articulated within the references themselves. References are evaluated by what they suggest to one versed in the art, rather than by their specific disclosures, *In re Bozek*, 163 USPQ 545 (CCPA 1969).

The Examiner is concerned that Applicant apparently ignores the mandate of the numerous court decisions supporting the position given above. The issue of obviousness is not determined by what the references expressly state but by what they would reasonably suggest to one of ordinary skill in the art, as supported by decisions in *In re DeLisle* 406 Fed 1326, 160 USPQ 806; *In re Kell, Terry and Davies* 208 USPQ 871; and *In re Fine*, 837 F.2d 1071, 1074, 5 USPQ 2d 1596, 1598 (Fed. Cir. 1988) (citing *In re Lalu*, 747 F.2d 703, 705, 223 USPQ 1257, 1258 (Fed. Cir. 1988)). Further, it was determined in *In re Lamberti et al*, 192 USPQ 278 (CCPA) that:

- (i) obviousness does not require absolute predictability;
- (ii) non-preferred embodiments of prior art must also be considered; and
- (iii) the question is not express teaching of references, but what they would suggest. Therefore, Applicant's argument is not persuasive and the rejection is hereby sustained.

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
